Here is the picture of the page I am talking about: I want to reduce the size of the "ToC" symbol in the Table of Content on the top right corner. I have tried using `\addtococ` (`\thispagestyle{plain}`, 2) and `\addtocentry` (`\thispagestyle{plain}`, 2). However, none of them seems to work. Here is a minimal working example. Please find that the example does not work.
