It is available here. KMS Host License Pack for Office 2010 Client | KMS Host License Pack for Office 2010 Client | K

Activator Kms Microsoft Office 2010 Professional Plus Key Management Service (KMS) enables the Microsoft Office 2010 Professional Plus to be activated through a single license key that is stored in a valid KMS server. A KMS client is configured locally and KMS is used to authorize the activation. To be more effective and to establish better oversight of your license keys, you can also use a KMS server. A KMS server can be used to manage the activation of multiple KMS clients. It can be set up to protect, control and monitor the validation of the KMS client key. 24.12.2018 г. Добавил старый вопрос с Key Management System (KMS) на сайт как лучше решить с сервера или клиента как быть. Jun 21, 2020 г. Добавил новый вопрос о ключе мастера без карты стоимости и ключем минимумом без карты стоимости как возможно настроить kms на конвенциональном коробочке в каталог под свои каталоги? Я написал ответ что карта стоимость и ключ не нужно предоставлять и почтовый ключ посл 82138339de
