## Convexsoft DJ Audio Mixer (2022)

Convexsoft DJ Audio Mixer Built on the DJM-900NEX mixing console, the DJM-900NEX is an all-in-one solution for use at home or in mobile situations. This fully rugged, self powered and standalone mixer is easy to setup and use thanks to its touchscreen interface and onscreen display. The control panel and front display panel both offer standard volume and track selector controls. While the control panel allows for the options of pitch shift and EQ adjustments as well as a dedicated cross-fader and auto-sync button. The DJM-900NEX is a production friendly mixer featuring 2 x balanced microphone inputs, 1 x aux input and a 3.5mm headphone output. In addition, the DJM-900NEX features 2 x 3-band faders, a cross-fader and input muting. Two MP3 playback controls and S/PDIF input with auto-switching for CD/1/2/3 inputs are also provided. This all-in-one solution also includes 1 x USB input and 1 x combined stereo / mono output. The DJM-900NEX also has a built in battery and USB charging port which allow for 6 hours of DJ-ing on a single charge. S/PDIF input with auto-switching for CD/1/2/3 inputs USB input, USB charging port and built in rechargeable battery 3-band faders, cross-fader and input muting 4 GB/DAC with AIF and DA conversion, DSD support 10-band EQ, Cross-Fader, Pitch Shift, Auto-Sync and USB-Thru Auto-Bass and Auto-Treble controls 6 channel XLR output and RS-232C 50 built-in FX Tape/Cassette Deck Beat-Sync display, Track display and Fast-Seek 2 x 3.5 mm jack 2 x Main inputs 1 x Aux input 1 x Main outputs 2 x Main cross faders 1 x Master cross fader 1 x In/Out 12V trigger (L/R stereo) 1 x USB input 1 x USB charging port 4 x Rear faders Highlights 1000 MHz The DJM-900NEX is a powerful device with a maximum sampling rate of

## What's New in the Convexsoft DJ Audio Mixer?

Convexsoft DJ Audio Mixer is a professional-grade DJ and beat-mixing system. It can run smoothly on any Windows pc via USB connection. Built-in two-disc decks and 1-click song playback, you'll be able to mix your favourite songs quickly and easily in 2 decks. The software beat-sync display works with two recorders perfectly, allowing you to have much control over time and tempo. You can also listen to the same song from both decks. When using your own music CDs, you can change the song speed. It's easy to search for the song you want, and drag and drop it from the library directly to the player. With 10-band EQ, you can explore dynamic music styles. You can even control the overall volume and balance between the stereo channels. Pitch control allows you to adjust the tempo without losing tempo, play music in the key you prefer. Streamlined and skinnable interface makes your work easier. The multi-file player can also load music from memory cards or network folders and supports multi-track playback.
