**System Requirements:**

So, let's talk about the gameplay of the game. One of the most revolutionary features of Gundam Versus is the story mode. Unlike most fighting games, this one allows you to choose from a variety of different stories that have their own characters and battles. The way you pick your story is to select a mission, and then the mission will load itself onto the map. All the missions have a limited time to beat. Once your time is up, you will have to start the mission again. Your mission will be assigned a team. In the mission selection, you have a choice of
