team+uncut+patch .It's been awhile since I have posted a recap of what I've been watching. I decided to check out what shows were coming out and found a whole shit-load on Netflix that I'm thoroughly excited about. So today, I'll be checking in on these titles, one by one. War for the Planet of the Apes This is the third installment of the Apes series and has a separate director and writer than the last two. I am still unaware of how the plot will play out. But I am all for these characters and the fact that they will be moving into new territory with this story. In the news, one of the marines who played a role in the original film was hurt during filming, and as of yet his return is unknown. Between the Shallows This is the second Apes flick I have seen, and I am underwhelmed with the action. I'm hoping some of this movie will center around the less action oriented aspects of the series. But for those of you who haven't seen any of these movies, let me tell you that most of them are largely found
