And of course the models in this tutorial are only intended as an inspiration. Feel free to use them, as long as you don't claim them to be your own? To learn more about modelling check out the following links: Tutorial: 1, 2 Faster way to do cube generation inspired by: April 6, 2012 Here are some interesting issues to ponder while trying to clean up your finances. These tips will help you in the home, workplace, and outside of that. They will help you do a better job at developing your financial life. Do read these tips and act upon them. What to do when you are not in a good financial situation. The first thing you need to do is to get yourself out of debt. Debt should be the first thing you pay off. When you are done with that, you can start building your savings. You can invest in real estate too. These two are the best ways to help you out of the financial mess. If you are new to the financial world, chances are you are not completely aware of your financial needs and you are not sure how to start. If you are in this situation, then you need to start small by finding out where you stand financially. You need to know how much you have coming in and how much you can afford to pay out. You need to know if you are getting out of debt or if you are in debt and how much debt you have. The next step you need to do is to make a budget. A budget is a plan
