Punjab is roughly the size of the combined states of Texas and Ohio. Punjab is covered with beautiful mountains, wide plains and fine cities Punjab has an abundant amount of natural resources, which are valued in a great deal. During World War II, the Punjab was the largest province with anti-axis forces in the country. Punjabi is the most widely spoken language in India, this is because, it is a link language. Punjab is a province in the central part of Asia, on the Indo-Gangetic Plain. Punjab is known for the rich historical and cultural heritage of its people; the fertile land that includes the wheat-growing districts of Kapurthala, Fazilka and Mansa, and the wheat areas of the Indus, Chenab and Ravi rivers. Other major cities in the province include Ludhiana, Jalandhar, Pathankot, Hoshiarpur, Muktsar, Amritsar, Mohali, Ludhiana, Gurdaspur, Amritsar, Mansa, Jalandhar, Muktsar, Rupnagar, Jalandhar. The Punjab is the only province in Pakistan where its language is spoken as the official language. The Punjab has a population of 77 million and is the most populated province of Pakistan. Many of the founding leaders of Pakistan migrated from the Punjab province to other parts of the country. There are many other international institutions in the Punjab province. Punjab has a rich agricultural produce, wheat, wheat flour, barley, maize, tobacco, opium, turmeric, cashew nuts and cotton. Farming in the Punjab is highly diversified. There are wheat and cotton (winter and summer) areas in the Northern part of the province. Cotton is a major crop in the Punjab. There are wheat areas in the provinces of Khyber Pakhtunkhwa and Balochistan, while cotton is grown in other parts of the province, as well as in Sindh, North-West Frontier Province, the country's westernmost province.
