most people are not aware that their printer is actually a computer! the printer drivers installed on your computer are actually a very complex piece of software that allows the printer to talk to the computer. the drivers are much more than just the printer drivers that you download from the manufacturer's website. the drivers actually include a wide array of features, such as the ability to adjust ink levels, or to control the power of the

printer. the smartstart program is designed to provide system troubleshooting information to the printer and to the system. with smartstart, system errors are never dropped and system prompts are always shown. this allows the system administrator to do system troubleshooting whenever a system error is detected. the smartstart program is a pre-configured drivers database that allows your printer to communicate with the system and troubleshoot any system

problems. this program also makes sure that the drivers are always updated to current version of the drivers. the smartstart program also provides system information about the printer, including the model number, the serial number, and the information that is shown on the system's control panel. smartstart program also provides system information about the printer, including the model number, the serial number, and the information that is shown on the system's control panel. the

smartstart program allows the system administrator to do system troubleshooting whenever a system error is detected. the ufr ii driver allows you to adjust the printer's color to match the exact printed page. you can also adjust the printer's black toner so that it does not affect your image. the ufr ii driver allows you to adjust the printer's color to match the exact printed page. the ufr ii driver includes other features such as:* high-speed processing.* stunning prints.*

minimal toner consumption.* responsive to input from the system and from the network.* outstanding customer support.* advanced software.* automatic ink-level monitoring.* automatic toner depletion.* auto-deletion of paper jams.* automatic paper tray engagement.* automatic paper tray de-engagement.* automatic duplex printing.* automatic auto-flipping. 5ec8ef588b
