# Super Mario 2D Universe - Beta Demo V1.2 PC ((EXCLUSIVE))

Super Mario 2D Universe was positively received by media outlets and video game publications after its release in Japan, with the first demo receiving a glowing review in Nintendo World Report, the Japanese newspaper Game Watch, and Famitsu. During the Beta, players are able to take part in battles against each other as well as their favorite characters from the game. When players first encounter Peach in Peach's Castle, she challenges the Bowser and his brothers to beat her senseless if they ever want to see her again. This puts Yoshi in the midst of the fight, who will choose sides immediately, depending on who he thinks is best. If the Yoshi gets bitten by a Hammer Bro., he will join Peach's group. If not, he will be part of Bowser's side. Bowser and his brothers claim the world as their own, leaving Yoshi in the middle with no side. Peach has a second go at chopping off Bowser's legs, but the Mario Bros. regain their abilities and save her again. According to Nintendo, the next beta test that hits the PC will include the entire cast of the game. All players will be able to face Yoshi, Mario, Luigi, the Koopalings, and Princess Peach. They will all have their own unique movesets and moves, unique weapons, and it will all be cross-play, so you can battle with both Mario and Luigi in the same world. The character roster is filled with the seven original characters from Mario and Yoshi's Island. There are also seven new playable characters: Ace, Cat, Eggman, Ice King, Luigi, Mario, and Red Bird. Red Bird is a new canine looking character who is able to growl and bite opponents.

## Super Mario 2D Universe - Beta Demo V1.2 PC

Mario appears on the world map and the course the player is currently in is displayed. As Mario progresses in the stage, the camera zooms in on the closest block and displays a visual of the block(s) the player must use to continue. The camera zooms out and a status bar that shows the current number of remaining blocks is revealed, including any power blocks, and an indicator of how many items are located at the end of the stage. The player can also slide back and forth on the world map using the B button and Zoom In and Zoom Out on the Wii Remote, which makes Mario move faster, and can change Mario's direction with the left analog stick. Once the player has reached the goal, an animation will play that causes the level to reset for the next player. The Goal is the same in each of the levels, and usually involves going through a pipe, defeating Goombas, opening a door, and rescuing a character from the level. Each level also features three checkpoints, which are used when restarting a stage. Mario and the Koopalings and Bowser Jr. are in a temple, past a pit of spikes that send the latter and a Koopa Kid back to where they came. Mario and the brothers then see a burnt-out area of the temple, with Bowser following suit, with the three of them going down an air shaft. Mario, Luigi, Yellow Toad and Blue Toad are with Princess Peach in Peach's Castle, with Bowser Jr. and Bowser following behind. Bowser Jr. says to his father, " What about the princess? Where is she? " Bowser Jr. says that they had just arrived, with Bowser Jr. turning to the others and saying, " Great. We finally made it. " He mentions that Bowser Jr. seems very energetic. Blue Toad then spots an Acorn Tree, as the others follow suit, with Blue Toad pointing out that there is a Bubble Baby Yoshi and Balloon Baby Yoshi. Bowser then points to a treasure chest with some Blue Toads in it. He then pulls the treasure chest away. 5ec8ef588b
