ImTOO DVD to iPod Converter is an easy-to-use DVD to iPod converter, DVD to MP3 Converter, DVD to iPod Converter, DVD to iPod converter which can convert both ISO and IFO DVDs to iPod MP4, iPod MP3, iPod H.264, iPod AAC, iPod M4V, iPod FLAC, iPod MOV, iPod 3GP, iPod 3GP, iPhone, iPhone ringtones, iPhone audio, iPhone video, iPhone 3GP video, iPhone MP3, iPhone MP4, iPhone 3GP video, iPhone M4V, iPhone H.264 and other iPod/iPhone compatible formats. Description: ImTOO DVD to iPhone Converter is a very easy-to-use tool that you can use to convert DVD to iPhone compatible format. It can convert DVD to Apple iPhone MP4, iPhone H.264, iPhone MPEG4,

iPhone MP3, iPhone AAC, iPhone WAV, iPhone 3GP, iPhone MOV, iPhone M4V, iPhone APK, iPhone RM and other iPhone-compatible formats. The interface of the program is clean and easy to navigate through. You can import a DVD, ISO or IFO file by using either the file browser or "drag and drop" method. In the list you can view the name, duration, number of chapters, output profile and size, as well as status of the DVD. So, all you have to do is specify the output destination and format, in order to proceed with the conversion process. But you can also preview the clip in a built-in media player, split files, take a snapshot, retrieve DVD information, view file properties, as well as view and select individual chapters for conversion. Furthermore, you can configure audio and video settings when it comes to size, quality, bit rate, frame rate, zoom, aspect ratio, bit rate tolerance, encode mode, and others. In addition, you can edit metadata (e.g. title, author, comment, copyright), select the audio and subtitle stream, view a log file, set post-task actions (e.g. exit program, shut down computer), enable ImTOO DVD to iPhone Converter to run in the background, calculate the bit rate, set CPU priority, change the interface skin and language, and more. ImTOO DVD to iPhone Converter takes up a very high amount of system resources, includes a well-written step-by-step guide for beginners and quickly finishes a conversion task without popping up errors. The image and sound in the output files are kept at a very good quality. Too bad the demo version is severely limited. Otherwise, we highly recommend this video convertor to all users. Description: ImTOO DVD to iPhone Converter is an easy-to-use DVD to iPhone converter, DVD to iPod MP4, iPhone H.264
